

UNIVERSITÀ DEGLI STUDI DI ROMA "FORO ITALICO"

Alessandra Fazio as Deputy General Secretary in the Executive Committee of CercleS

Personal statement

I'm writing to express my interest and candidature for the coming election of the Executive Committee of CercleS. I've always been involved in English language teaching through innovative teaching methods and technology as well as applied linguistics. My participation can give further support in the achievements carried out by Cercles. I'm involved in the organisation and management of language programs held at the University of Foro Italico as Director of the University Language Centre. I am currently coordinator of a Blended Intensive Programme (BIP) KA131 (financed by Erasmus+) focusing on teaching specific English for Sport "Language and communication skills for sport management professionals".

The role of Deputy Secretary General can be a supportive role for the Secretary General with whom I will be delighted to share ideas and achievements as well as the whole Executive Committee. I am aware that it can be a very challenging role, but I am motivated and willing to cooperate. It will be an occasion to share information and projects that we carried out within the national association of language centres (AICLU). In addition, AICLU has always been supportive throughout the years of the Cercles activities, and I wish to continue on this direction by offering my own support.

I hope to be able to contribute to smooth activities with the Secretary General and the Executive. I can also contribute with my experience as Secretary of the Italian Association of University Language Centres (AICLU) for two mandates (2017-2021).

May 2nd, 2024

Alessandra Fazio

*Director of the University Language Centre
University of Rome Foro Italico
Associate Professor of English Language and Translation
